Subject: Course action from CEHS

Dear colleagues,

Below are two course actions from CEHS converting their current first-year seminar from a two-hour course to a one-hour course, anticipating the launch of the university-wide one-hour first-year seminar course this fall. Unless there is any objection, I'd like to do an e-mail vote on these so we can get them through the process before freshmen start to enroll. Could you please tell me by the end of the week if you approve these two course actions?

I may have one other course action this week, a correction to a Hargis Leadership Institute course, and I'll send that one when it's ready.

Thanks,
Chris
