GENERAL EDUCATION ADVISORY COUNCIL
MEETING MINUTES SUMMARY
Wednesday, May 7, 2003
3:30 p.m.
101 Whitehurst Conference Room

Present: J. Comer, J. Fowler, J. Hattey, B. Ivy, N. Jones, B. Masters, C. Moder, J. Nelson,
B. Nolan, R. Rohrs, S. Thompson, J. Wallin

In Gail Gates’ absence, Bill Ivy called the meeting to order at 3:30 p.m.

The meeting began with a general discussion regarding the procedure to be used for “tabling”
general education designations. It was suggested that courses that are tabled during a GEAC
meeting should be listed in the minutes and a deadline date provided for receiving requested
information needed in order for the GEAC to consider the request a second time. It was
decided that for courses that are tabled during a GEAC meeting, the meeting minutes will
describe what additional information is requested by GEAC and the date when this information
is due to GEAC.

During the meeting, Council also discussed (1) editing the I – International Dimension section of
the course form so that the form specifically asks for information about the extent to which the
course relates to contemporary cultures Criteria to request the percentages of time spent on
contemporary and historical cultures and (2) modifying editing the Criteria and Goals for the S –
Social Sciences designation. B. Masters agreed to will draft a statement involving the upper
and lower division requirements for an S designation.

Appeal of Denied S Designation – New Course

SOC 4463 – S denied April 7, 2003 – Request was tabled during the March 10, 2003 GEAC
meeting. GEAC requested additional information which was not received for the April 7, 2003
meeting; therefore, the S was denied. Sufficient information was submitted online since April 7
and reviewed by Council at this meeting. S designation approved. Note: Because an
earlier effective date for this new course has been approved (Fall 2003), the S
designation will also become effective at that time.

Courses tabled April 7, 2003

ARCH 2003 Continue I (H continued 4/7/03)

PHIL 3923 Discontinue H - General Education status cannot be determined due to the
variable topics, instructors, syllabi, and assignments or if the course will consistently meet the
requirements for an H designation. The Department may consider changing this to a zero-
ending number and submit requests for general education designation each semester. GEAC
recommended that this issue be referred to Dr. Bruce Crauder, Associate Dean, Arts and
Sciences.

Council will consider continuing the GE designations only after the discrepancy between the course description and the course/syllabus issue has been resolved.
