2025 Cambridge Scholars Program Application

College of Arts and Sciences

Course Description

Learn about the “British Invasion,” the musical phenomenon in the 1960s wherein waves of British musical acts came to dominate US radio and influence American culture. Our focus will be on two of the most significant bands from this movement, one from Liverpool—the Beatles—and the other from Cambridge—Pink Floyd.

We will study the British Invasion in all its dimensions, including the music, the films, and the innovative album art, and we will take trips and tour the homes of the band members, the important sites of their formative years, and the local influences behind their songs.
