I understand this degree does not lead to teacher certification, nor will OSU provide a letter to the State Department of Education indicating that this degree is a concentration in an area of study that corresponds with a certification area. I also understand that the Bachelor of University Studies (BUS) cannot be earned as a second or concurrent OSU baccalaureate degree (University Academic Regulation 3.10). The only option for earning a BUS degree and another bachelor's degree from OSU is to earn the BUS degree first (as the primary degree), followed by the additional baccalaureate degree in a subsequent term.
