Effective Spring 2000**

HRAD 4723 International Beverage Education – "I" Designation **Denied –
focus is not on cultures, but on products**

2. Discussion – Waiving General Education Designations

Dr. Vitek reminded members that a revised form for general education substitutions was recently distributed, which allows ample space for justifying the requested substitution. There are a number of adequate reasons for requesting substitutions, which Academic Affairs is willing to consider, given the correct information on the form along with required signatures.

3. Other Business

Members commented that the General Education information on the Web is not visible enough. G. Horn asked if it could be linked with the SIS page for easy access. Dr. Vitek will make inquiries to appropriate individuals.

Meeting adjourned at 4:20 p.m.
