**For undergraduate degree programs only**

As part of the broader work of the Mathematics Success Initiative, the Math Pathways Task Force has identified four gateway mathematics courses that are suitable general education mathematics course options. These courses, *College Algebra/Pre-Calculus, Introduction to Statistics, Functions and Modeling, and Quantitative Reasoning*, are included on the Course Equivalency Project transfer matrix and provide rigorous mathematical content that is more relevant and appropriate for specific academic majors.

Please respond to the following questions:

1. Which mathematics course is required as part of the general education requirements? If the program allows for multiple gateway mathematics course options, provide a rationale for each.
   
   Click here to enter text.

2. Describe how the mathematics course was selected and how it best meets the needs of the program’s students.
   
   Click here to enter text.

3. How does this mathematics course articulate with your partner institutions?
   
   Click here to enter text.

*(For more information regarding the gateway mathematics courses, please contact Dr. Rachel Bates (405) 225-9168)*
Attach current and proposed degree program requirements and degree program objectives (on no more than three pages). **Indicate the changes clearly. Note any courses deleted from the course inventory. Asterisk any courses new to the course inventory.**

Please list the current curriculum requirements in the left column and the proposed curriculum requirements in the right column.
